**Subject:** SPU Water Availability Certificate Closed SPUE-WAC-23-00987

Dear Jodi Patterson-O'Hare,

We completed the review of your Water Availability Certificate (WAC) request for record SPUE-WAC-23-00987 at 2729 2ND AVE SEATTLE, WA 98121 and determined this application is not needed.

Review Comment: This WAC request is closed because the existing Approved WAC number SPUE-WAC-22-01892 is valid until 01/12/2026. The outcome of the WAC does not change.

Visit this project in the [Seattle Services Portal](#) to check the current status of your project.
